

BDV-PRE-SEPARATOR

Rhino Mfg Inc 
RhinoMfgInc.com/Dust-Extractors.aspx

FIRST STAGE PARTICLE CAPTURE

- Improve the performance and longevity of your BDV-4250.
- Daisy chain between your grinder and the vacuum with 3" hose.
- Gain an additional stage of filtration, with the Pre-Separator removing the heavy particles before your vacuum.
- Increase job run time and extend the lifespan of your filters.

INCLUDES:

- 10 feet of 3" flexible hose
